DETAILED ACTION

Election/Restrictions

Newly submitted claims 16-25 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claims 16-25 claim a method of supplying and/or shipping a product, which is distinct from claim 15, which claimed structural components for packaging a pet bed.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 16-25 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
